## WORK EXPERIENCES +

### Applications

#### Developer II

(2018 -2024)

### Cencora (AmerisourceBergen), Carrollton TX

Started my career here as a UX Developer. I was responsible for turning business requirements into interactive prototypes that would be the front end piece of our software. I eventually moved to doing full stack development as an applications developer and E2E automated testing. Worked in a SaaS environment and contributed to my teams development and project management.

### UX Designer/

#### Front End

#### Developer

(2016 -2018)

### Highland Homes, Plano TX

Designed and developed Interactive Sales Kiosks for model homes. Redesigned and restructured work on main company website. Created an overall more engaging user experience on the web.

### Web Content Analyst

(2015 -2016)

### E4 Health Inc, Irving TX

Designed, developed, and managed the corporate website. researched and managed content for EAP websites within our network. General CMS web management and updates.

### Web Developer

(2013 - 2015)

### Maxor National Pharmacy, Amarillo TX

Designed and developed the front end for a series of online pharmacies who used our services. assisted with the creation of new corporate web platforms and technology.

### Freelance

#### Design/Development

(2013 - Current)

### Cornfed Web Designs

Freelance design of marketing materials for web and print. I also do web development and branding for companies. Currently responsible for digital marketing for The Dallas Eagle.
